CHANGZHOU XINHUACHANG INTERNATIONAL CONTAINERS CO., LTD. (CXIC)

常州新華昌國際集裝箱有限公司（常州新華昌）是新華昌集團下屬第一家專業集裝箱生產企業，公司于 1994 年 5 月正式成立。公司以生產各種國際標準海運幹貨集裝箱為主，同時也生產諸如 45 英尺箱、開頂箱、以及散貨箱等特種幹貨集裝箱。公司擁有一條現代化的集裝箱生產流水綫，具備 250,000TEU 的年生產能力（基於單綫雙班）。

常州新華昌位于江蘇省常州市，毗鄰中國最大的經濟中心和港口城市—上海，地理位置優越，交通便捷。其交箱點不僅覆蓋上海，還包括其他經濟高速發展的長江三角洲港口，如南京、鎮江、張家港、南通以及太倉等地。

作為中國最早的集裝箱制造廠之一，常州新華昌一貫致力於生產設備和工藝的不斷改進和創新。從 1996 年起，公司每年均斥資對生產綫進行技術改造，陸續引進各類現代化生產裝備，使產品質量得到了有力的保證。2018 年，按照集裝箱行業的新工藝、新裝備，投資 3.5 億元新建了生產車間和輔助設施，并于 2019 年 3 月 31 日正式投產。新的生產綫實現了預處理和冷作加工的精細自動化、並提高了焊接和油漆綫的自動化、智能化水平，同時，為提升企業形象並給予客戶充分的信心，常州新華昌順利通過 BVQI 關於 ISO9001 的質量保證體系認證。另外，加上新華昌集團內部數據網絡系統的建立以及 ERP 和 OA 等先進管理軟件的應用，確保了公司的經營管理運作能够以提高產品質量和提升客戶服務為目標，持續有效的運行。

通過多年來不斷地完善和努力，公司憑借其優秀的產品質量和靈活妥帖的服務贏得了衆多客戶的青睞和信任。公司堅持“服務客戶，滿意客戶”的經營理念，使得常州新華昌在強手如林的集裝箱行業中脫穎而出。

Changzhou Xinhuchang International Containers Co., Ltd. (CXIC) is the first professional and modernized international freight container manufacturing plant under CXIC Group. The company was established in May 1994 and has a rich experience in container industry for over 20 years already.

CXIC locates in Changzhou, Jiangsu Province, a city close to Shanghai, in place of the most important economic center and port city of China. The company has superior geographical advantage and a convenient transportation network, which makes the container delivery not only to Shanghai area, but also the developing river ports along Yangtze River, such as Nanjing, Zhenjiang, Zhangjiagang, Nantong and Taicang.

CXIC mainly produces various types of ISO Sea Freight Dry Cargo containers and also has the capability to produce special Dry Cargo containers such as 45'HC container, Open Tops and Bulk Containers, etc. The company is equipped with a modern container production line with the annual capacity of 250,000 TEU (in two shifts).

As one of the pioneer container manufacturing companies in China, CXIC persists to improve and continuously innovating the producing facilities and craftsmanship. Since 1996, the company has been introducing various modern facilities to its production line in order to ensure the quality of its product. In 2018, CXIC has invested 350 million RMB to upgrade its workshops and facilities in accordance with the latest industrial standards. The upgraded new plant launches on March 31, 2019. The pre-treatment and cold fabrication stations in this new plant are fully automatic, and modernized robots are widely applied at its welding & painting stations. CXIC has been certified by BVQI for ISO-9001 Quality Assurance System. In addition, with the establishment of CXIC internal data network system and the application of the advanced management such as ERP, OA, it ensures CXIC to continuously improve the production quality and satisfy its clients.

With constant efforts and unremitting improvements over the years, CXIC has earned its reputation and trust from its clients through the excellent production quality, flexibility. “To Serve & To Satisfy” is the motto of CXIC. Today, CXIC can be seen as a rising star in the competitive container industry.

寧波新華昌運輸設備有限公司（寧波新華昌）是新華昌集團在浙江省寧波市經濟技術開發區投資控股的一家中外合資企業，2002 年 8 月開始建設并于 2003 年 3 月正式竣工投產。項目總投資 4000 多萬美元，其中固定資產投資 1.7 億元人民幣。

2017 年 3 月 31 日位于原北侖區大港工業城富春江路 618 號的老廠區生產線正式關停并實施整體搬遷，遷建後的寧波新華昌新廠區位于寧波市北侖區柴橋街道雷古山路 101 號，于 2017 年 5 月 18 日正式投產。遷建項目總投資 4.5 億元人民幣，其中固定資產投資 2.8 億元人民幣。

寧波新華昌主要生產各種國際標準海運幹貨集裝箱、45 英尺箱以及開頂箱等集裝箱產品。寧波新華昌的生產流水線由新華昌集團憑借多年的集裝箱生產經驗自行設計，綜合來自于各方面的合理意見，擁有業內較為先進的智能化工裝設備和水性漆生產線，其布局科學合理，生產高效靈活，設計年生產能力達 250,000TEU（雙班）。

寧波新華昌座落在浙江省寧波經濟技術開發區，區域位置非常優越，與寧波舟山港下屬各集裝箱碼頭的距離在 8-22 公裏之間，與寧波地區各主要集裝箱場站的距離在 3-15 公裏之間。寧波舟山港是中國華東地區的重要海港和進出口貨物集散地。依托江浙兩省強勁的經濟增長態勢和巨大的出口商品加工基地，該地區對于集裝箱的需求量非常巨大。

作為新華昌集團下屬的第二家標準集裝箱生產企業，寧波新華昌沿襲新華昌集團“以人為本”的管理理念，強化管理細節，提高員工素質，從而組建了一支穩定、精幹、高效的管理隊伍。寧波新華昌率先在新華昌集團內部全面推廣 ERP 數字化管理系統、OA 辦公自動化管理系統的應用，并使得寧波新華昌成為集團成功運行數據網絡系統的典範。寧波新華昌同樣于 2004 年順利通過 BVQI 關於 ISO9001 的質量保證體系認證。

Ningbo Xinhua Chang International Containers Co., Ltd. (NXIC) is a subsidiary solely owned by CXIC GROUP. It is situated in Ningbo, Zhejiang province. The company has the total project investment value of over USD 40 million including fixed assets of RMB 170 million. It was established in August 2002 and the production begins from March 2003.

On March 31, 2017, NXIC has been moved to its new plant site at 101 Leigushan Road, Chaqiao Street, Beilun District, Ningbo, and mass production in this new plant starts on May 18, 2017. The total investment of the removal project is 450 million RMB, including fixed asset investment 280 million RMB.

NXIC mainly produces various types of ISO Sea Freight Dry Cargo containers and it has also the capability to produce the special dry cargo containers, such as 45'HC, Open Top containers, Bulklers, etc. The production line of NXIC was entirely designed by CXIC Group itself, upgraded with robots and water-borne paint line. It is well equipped, efficiently laid out and easily adapted. It has an annul production capacity of 250,000 TEU (in two shifts).

NXIC locates at the Ningbo Economics and Technology Development Zone, range within 8-22km from any container terminal of Ningbo-Zhoushan Port, and 3-15km from any major container depot of Ningbo. Ningbo-Zhoushan Port comes to be the most important import & export distribution center in east China. The demand of containers in this area is enormous due to the rapid economic development in Zhejiang and Jiangsu Provinces.

As the second established container manufacturing plant under CXIC Group, NXIC is run by a reliable, intelligent and efficient management team who firmly believes in the management principle of 'Putting People First'. NXIC is the first company under CXIC Group to apply ERP system & OA system, thus becoming the leading example in CXIC Group in terms of its digital management network application. Meanwhile, NXIC was also certified by BVQI for ISO9001 Quality Assurance System in 2004.

天津新華昌 | TXIC

天津新華昌運輸設備有限公司（天津新華昌）是由新華昌集團有限公司在天津市寧河縣經濟開發區投資控股的一家中外合資企業，2007 年 9 月注册成立，項目總投資 4980 萬美元，其中固定資產投資超 6 億元人民幣。

天津新華昌主要生產各種 ISO 國際標準海運幹貨集裝箱和 IMO 不銹鋼罐式集裝箱。其中標箱生產線于 2012 年 3 月正式投產，此生產線由新華昌集團憑借多年的集裝箱生產經驗自行設計，并采納來自各方面的合理意見，在傳統的工藝布局上有很多的突破，更體現“人性化”的理念設計思路：生產線裝備和工藝，更多考慮了降低勞動強度、改善工作環境、安全性等方面。其布局科學合理，生產高效靈活，設計年生產能力 150,000TEU（基于單線雙班）。

IMO 不銹鋼罐箱則基于來自南非開普敦 TRENCOR 集裝箱公司行業中最優良的技術、專利以及引進的其全套生產線設備。首批罐式集裝箱樣箱于 2010 年 1 月完成，并于同年 3 月在德國通過衝擊測試。秉承集團自主創新理念，不斷研發新技術、新工藝、新產品，先後取得 85 項專利成果，T1-T22 系列罐式集裝箱設計年生產能力 6000 臺（基于單線雙班）。

天津新華昌是新華昌集團在渤海地區最大的綜合生產基地。它的設立，使得新華昌集團的生產布局更趨完美和合理，能够向客户提供更多的交箱地點選擇。

Tianjin Xinhuchang International Containers Co., Ltd. (TXIC) is a joint venture held by CXIC Group and BENDIX. TXIC is located in the Ninghe Economic Development Zone in Tianjin, China. The company was registered in September 2007 with a total project investment value of USD 49.8 million, and currently has more than RMB600 million fixed assets.

The company firstly involved the manufacturing of IMO series stainless steel tank containers in 2009 by implementing the most advanced technology in the tank container industry and acquiring the production facilities of Tencor Containers in Cape Town, South Africa. With continuous after-production research and development of new technologies and products, TXIC becomes a leading independent concept innovator and has successfully demonstrated its prowess in research and development by acquiring 85 new patents. The annual production capacity for T1 to T22 series tank containers is 6,000 units based on two shifts.

The ISO dry freight cargo container production line formally started its production in March 2012. This new production line was self-designed by CXIC Group with combination of our abundant experiences in container manufacturing and the valuable opinions from various quarters. Mainly focused on the concept of humanity, reducing the labor intensity, improving the working environment and safety, TXIC has a well equipped and scientific and reasonable production line with an annual production capacity of 150,000TEU (based two shifts).

TXIC is the largest comprehensive container production base in the Bohai Sea area belonging to CXIC Group. The establishment of TXIC enables a better and reasonable production layout for CXIC Group and provides more choice for clients.

CXIC WANLONG SPECIAL CONTAINERS CO., LTD. (CXIC-WANLONG)

江蘇萬隆特種貨櫃有限公司（新華昌萬隆）是新華昌集團下屬的控股子公司，是經江蘇省科學技術廳認定的高新技術企業，主要生產符合 ISO1496/3 國際標準和《國際海運危險貨物規則》IMDG 標準的特種集裝箱。公司座落于長江三角洲的江蘇省常州市遙觀鎮，水陸交通便捷。公司擁有國內一流專業技術人員和先進生產加工設備，占地面積 40000 多平方米。是國內最早研制、開發并批量生產各種特種集裝箱的重點企業。

目前，新華昌萬隆在特種集裝箱產品上擁有多項國家實用新型專利：散裝物料罐式集裝箱、罐式集裝箱、聯結式集裝箱、重質貨物集裝箱、一體式儲罐集裝箱和罐式集裝箱罐體總成。

新華昌萬隆研制定生產的 GX22 型散裝水泥、粉煤灰罐式集裝箱大量應用於長江三峽工程，目前該產品在國內市場占有率達 90% 以上，并已出口世界各地并深受客戶歡迎。另外研制定開發的 LQ3 型瀝青罐式集裝箱屬國內首創，該產品已被列入中國《政府（集團）採購指南》首批優質產品推薦目錄，并成功應用於津沈、滬杭高速公路的鋪設建設中。

1999 年公司開發成功了用於裝運有毒、有害、易燃、易爆、有腐蝕性化工產品的 IMO 型不銹鋼式集裝箱填補了國內空白，該產品的開發改變了我國目前液態化工危險產品常用小包裝的運輸方式，有利於降低成本、保障貨物安全、減少環境污染、實現一體化的多式聯運并與國際接軌，從而引起我國液態化工危險品運輸方式的一場革新。

2003 年，公司成功建立并取得了 ISO9001 質量管理體系認證。2006 年，新華昌萬隆取得“移動罐體的壓力容器生產許可證”，進一步拓展了市場空間，提升了產品技術層次。目前，新華昌萬隆已與眾多高校和科研機構建立了“產、學、研”全面合作關係，進一步加強企業新產品研發實力。

Jiangsu Wanlong Special Containers Co., Ltd. (CXIC-Wanlong) is a holding subsidiary of CXIC GROUP CONTAINERS CO., LTD. It is a high-tech enterprise approved by Jiangsu Science and Technology Bureau with the major production of ISO 1496/3 national standardization and IMDG CODE standardization special containers. CXIC-Wanlong is located in Yaoguan Town, which is the east gate of Changzhou, Jiangsu Province with convenient transportation access. The company is one of the pioneering enterprises in China that develop and manufacture various kinds of special containers.

At present, CXIC-Wanlong has many types of patent certifications such as BULK TANK CONTAINER, TANK CONTAINER, COMBINED CONTAINER, WEIGHTY CARGO CONTAINER, INTEGTATED SILO CONTAINER and ASSEMBLY OF TANK CONTAINERS.

CXIC-Wanlong's product GX22 TYPE TANK CONTAINER FOR BULK CEMENT /COAL POWDER has made an important contribution to Yangtze River Three-Gorges project. Currently it occupies more than 90% shares of shares of domestic market, and a significant quantity has been exported to many countries and regions. Another product LQ3 TYPE TANK CONTAINER FOR BULK BITUMEN was first developed by CXIC-Wanlong. It has been featured in the catalog of National Excellent Product Purchasing Guide and has been successfully used in the construction of Tianjin-Shenyang Express-way and Shanghai-Hangzhou Express-way.

In 1999 CXIC-Wanlong successfully developed IMO TYPE STAINLESS STEEL TANK CONTAINER for hazardous chemical materials, which was the first of its kind in China. It can be used to keep the goods safe, reduce the packaging and transportation cost, minimize the environmental pollution and realize the integration of intermodal transportation. It was an innovation in transportation for dangerous liquid chemical material in China.

In 2003, CXIC-Wanlong successfully achieved ISO9001 Quality Assurance System Certification. IN 2006, CXIC-Wanlong obtained the production license of mobile pressure tank, which helped us to expand the market and further advanced the technology. At present, the company has established a cooperative relationship with many universities and educational institutions in order to enhance the competence of product development.

OA & ERP 數位化辦公與企業資源計劃

O | CXIC Digital OA System 數位化辦公系統

從支持企業管理、輔助決策出發，以先進的信息技術為手段，利用統一的 Lotus Domino/Notes 軟件平臺，通過建立核心的系統管理功能（包括辦公管理、人力資源管理、事務管理、後勤管理、信息服務等），將各個分離的辦公信息有機集合起來，消除“信息孤島”，從交流、協調、控制入手，實現公司內部的電子信息交換和現代化辦公管理。完善的數位化辦公系統使我們能迅速地傳遞或得到所需要的任何信息，幫助我們在任何時候、任何地點進行必要的交流、協調和控制，最大限度提高員工的辦公效率和主觀能動性，促進企業內部信息的交流、管理的協調和生產的控制，以期達到對客戶要求迅速、準確地反應和對市場前景正確、及時地把握。

In order to support the enterprises management and planning through advanced information technology using Lotus Domino/Notes, we have set up a key management system (including office management, human resources management, business management, logistics management, information service and etc.) by gathering each separate piece of office information, thus, it has helped us to avoid missing any of the neglected information. Communications, co-ordination, and control have ensured us the office efficiency in the management.

E | CXIC Enterprise Resources Planning 新華昌企業資源計劃

充分利用計算機網絡技術對企業內部所有的環節進行有效管理，實現企業對產品設計、採購供應、生產製造、質量控制、市場銷售、客戶服務、財務管理等方面所涉及的人力、資金、物料、信息資源的統一規劃、管理、配置和協調，通過對企業管理業務流程的整合，進一步做到共享各種信息，提高產品開發能力，縮短製造周期、減少庫存、加速資金周轉、降低資源配置成本。以信息化促進企業技術創新和管理創新，提高企業的國際競爭力。同時依托于企業資源計劃，在計算機網絡技術的支持下，使我們能及時糾正我們產品上的設計缺陷、預防採購供應的脫節、完善生產製造的工藝，保證我們給客戶提供完美的服務和一流質量的產品。

In order to improve the current management within the company and to plan, manage and configure more efficiently the human resources, assets, raw materials and information in relation to product design, purchase, supply, production, quantity control, marketing, customer service and financial management of the whole company, we have set up the Enterprise Resources Planning project to improve our ability to develop the new products, shorten the production time, reduce our stock, improve the capital flow, reduce the cost of configuration which will ensure us to standardize our business management, revolutionize our technology, upgrade our management development as well as strengthen our international competing capability. Supported by network system, ERP system gives us more chances to correct design bugs in time, avoid disjointing of resource supplying and consummating production technology to ensure our customers to get perfect service and best products from us.

MANAGEMENT & QC SYSTEM 管理與質量控制

M | The Ever-improving Management System 完善中的新華昌管理系統

簡單、單一、高效但卻持續改進着的管理系統一直是新華昌管理的最突出特點。在經 ISO 認證的質量體系要求之下，我們始終堅持做到對於任何事情第一時間的反應、信息傳遞的迅捷、處理的及時和正確并讓人滿意。完善中的管理體系讓我們更有信心面對和處理客戶的緊急要求、生產的臨時變動和不斷變化着的市場。

Consistency, efficiency are the major characteristics of the ever-improving CXIC management system. With the requirement of ISO certified Quality System, we always try our best to act promptly in any situation, pass along information quickly, and find a timely and satisfactory solution to any problem. The CXIC management system enables us to be more confident in facing urgent requirement from the customers, production changes with short notice and the ever-changing market.

Q | Supreme Quality Control System 完美產品質量管理體系

完美的質量始終是我們的追求，我們的在線巡檢人員以及原材料和成品箱質檢人員始終保持着質量第一的原則。從原材料的檢驗、生產過程中的質量控制和質量保證以及成品箱的驗收，我們始終不渝地堅持質量的完美。符合我們質量要求的原材料是我們保證產品質量完美的前提，我們的質檢人員堅持嚴格的質量標準，做到高要求驗收、高標準存儲、保證祇接受符合質量要求的原材料并且保證在存儲過程中保持原材料的保質要求。在線巡查人員始終如一地關注着每一道工序的質量，做到不讓每個質量問題留到下一個工位，使我們的產品始終保持着良好的質量記錄。我們的檢驗人員在客戶驗收以前會比客戶更高標準預先對產品進行驗收性檢驗并對瑕疵進行必要的修補和完善工作，使得客戶在驗收時能夠看到是最完美的產品。

Supreme quality has always been our priority goal. From the inspection of raw material, quality control and guarantee during production to final check up and acceptance, our QC people always insist on achieving supreme quality. Approved raw material is the precondition to ensure high quality products. Our raw material QC inspectors keep a high standard for the acceptance of raw materials as well as for the storage of these materials. Our online QC inspectors always pay the strictest attention to every stage of the production to ensure an excellent quality record. Before the inspection by the owner's representatives, our QC inspectors will inspect each product and make all necessary reparation so that the owner's representatives will find our products to be flawless.

CONTAINER MANAGEMENT SYSTEM 箱管系統

C | Container Management System 新華昌箱管系統

新華昌集裝箱管理系統是2003年由專業的堆場軟件供應商開發的，並經多次修改而成的針對集裝箱製造行業的專業箱管軟件。整套系統的特點是數據集中化、操作實時性和控制嚴密性。系統集成了集裝箱租約管理、交箱計劃管理、集裝箱堆場管理等主要功能。同時能準確地為客戶提供定制化的交箱報告和標準的EDI報文等，能為客戶提供多方面的服務。另外，系統能通過遠程客戶端和海關監管網絡進行銜接。

CXIC Container Management System was designed by a professional container yard software company in 2003. After many times of revision, it has become a mature container management system for container manufacturing industry. It is characteristic of data centralization, real-time operation and control strictness. Its main function modules include Container Booking Management, Delivery Plan Management and Container Yard Management. Meanwhile, it can provide customers with various services, like customized delivery report and standard EDI files. In addition, it can connect customs supervision network through remote client.

HR SYSTEM HR 系統

H | Human Resource (HR) System HR 系統

HR軟件作為一種增強企業戰略人力資源管理能力的有效工具，它能幫助我們新華昌更好的實現集團化管理，縮短戰略目標與戰略執行結果之間的距離。該系統能幫助公司實現統一的、完整的員工數據，方便集團能有效地實現人力資源的管控和人才開發。HR系統的應用，達成了集團的人力資源業務一體化管理，通過對人員信息進行分析比較，督促各個公司的內部管理水平，落實監控力度。

As a very powerful tool to enhance a company's strategically human resource management, HR system makes CXIC Group's collectivize management more efficient and the practical result more closer to the strategically target. This system can establish a unitive and complete database of all employees, which enables CXIC Group to manage the human resource more conveniently and to cultivate talents more efficaciously. HR system integrates all the related HR information. Through analyzing and comparing these data, the Group headquarter can also monitor the level of internal management in each subsidiary easily.
